

# CHERRI

## *d'Acquaviva*

The picturesque village of Acquaviva Picena, famous for its medieval fortress, lies on a hilltop of Tronto river valley, in the south of Marche region. The estate family is located on the gentle hills around the Medieval village walls. It overlooks the Adriatic Sea on the east and faces Appenines Mountains on the south-east side.

Our winery is almost one hundred years old and is devoted to viticulture and winemaking. Mr Paolo Cherri represents the third generation of the Cherri family and manages the company with the same passion and expertise of his predecessors.

The grapes and wines draw their superior and unmistakable characteristics from the good temperature fluctuations and the soil composition of the site.

The wide range of top quality Cherri d'Acquaviva wines includes the popular *Rosso Piceno Superiore*, that was one of the first Italian wine to get DOC status, and *Falerio DOC*. *Offida Pecorino*, *Offida Passerina*, *Offida Rosso*, *DOCG* wines derived from native grape varieties, were recently rediscovered and registered in the National Catalogue of varieties. The whole process of vine cultivation, from pruning to harvest, is done by hand.

This intimate and direct contact with our vines allows Cherri wines **Rosso piceno Superiore, Falerio, Pecorino Offida, Passerina Offida, Rosso Offida and Marche Rosato**, to convey unique and unforgettable aromas and sensations.

The position of the vineyard which is placed on the south side of the town Acquaviva Picena, the micro-climate and the well balanced composition of the land, gives the grapes and the wine, those superior characteristics that are obtained only in the area of absolute vocation to wine agriculture.

Our respect of the vine varieties as result of the natural synergic pact between man and the land guarantees the high quality of Cherri wines. The expert advices of the oenologists *Mr Franco Bernabei* and his son *Mr Matteo Bernabei* help us to reach wines well balanced and with strong character.

Our winery includes a modern wine cellar surrounded by our vines, in the waves of rolling green hills below the town walls. Its design respects the environmental, architectonical and artistic peculiarities of the area. The wine cellar equipment is designed to preserve the genuine properties of the grape and to carefully overview the wine production cycle.

The enfolding aroma and genuine character of our wines convey the ancestral power of Picenian land. Inviting you to an exciting journey in time and space, Cherri wines will bring you pleasure and wonder.
